

ASSOCIATION OF COMMUNITY AND MULTIBED ACUPUNCTURE CLINICS

Only a few more weeks left until this year's conference.

And just when you thought we couldn't squeeze any more amazing people into the line up we are delighted to announce that we'll be joined this year by Kath Berry. Kath will be our facilitator for the weekend and will bring with her an abundance of knowledge, experience and enthusiasm!

Kath is passionate about integrating acupuncture with mainstream services through public education, quality research and refined communication with other healthcare professionals. She is an accredited Acupuncture Detoxification Specialist (ADS) and trainer of the NADA ear acupuncture protocol, having received specialist training in New York in 2007. She has spent time lecturing in both Australia and the UK and now runs marketing and business development courses for students and practitioners as well as a private drug detox service in Ibiza.

ACMAC 2017: YEAR OF THE ROOSTER
ACUPUNCTURE TO THE PEOPLE
WWW.ACMAC.NET

And a reminder of what else will be happening this year...

- Mel Hopper Koppelman - Director of Evidence Based Acupuncture
- Lara McClure - Research lead at the Northern College of Acupuncture
- Ronit Broder & Phil Montgomery - Trustees of World Medicine
- Andy Mappleback - Gong Meditation
- Peter Deadman - Sunday morning Qi Gong
- Paul Blacker - running a multi-disciplinary multibed
- Nate Whitestone - Facilitation of an open space event
- Charlie Whitestone, Katy Bradshaw, Hannah Reade, Barney Clarkson - sharing their expertise in running multibed clinics

Plus... Party, t-shirts and raffle!

And you'll be supporting a great cause and helping to ensure the future of accessible acupuncture in the UK and beyond!

Visit [ACMAC](http://www.acmac.net) to find out more!

Own your own piece of ACMAC merchandise with one of these limited edition t-shirts. Pre-order yours for £10 to collect at the conference or we can send one to you for an additional £3. Please place your orders by emailing [ACMAC](mailto:info@acmac.net) before Friday 27th October with your sizing (XS/S/M/L/XL) and style (Male/Female).

Ticket prices

Sunday only – £30 members/students and £40 non-members

Party – £10 for everyone

Weekend ticket (including party) – £90 members/students and £120 non-members

Book your tickets [HERE](#).

There are some exciting potential changes coming up about how ACMAC is funded that we will be discussing and signing off at the AGM. We'd encourage as many of our members as possible to come along on Sunday (the AGM is free to attend) so you can have your say on the future of our organisation.

And in other news....

[Maggs Day Centre](#) supports the homeless and vulnerable in Worcester.

They are open five days a week, providing a safe, dry environment where homeless and particularly vulnerable people can get food and hot drinks, as well as using showers and laundry facilities.

And they need your help!

The Health Facilitator has contacted ACMAC looking for a practitioner/practitioners who would be interested in setting up a monthly drop-in ear acupuncture service. They currently provide services users with access to a GP, Nurse, podiatrist, dentist and massage therapist and have heard about the effectiveness of ear acupuncture for treating substance abuse so would like to add that into the mix.

For more details please contact [Margarita White](#).

Si Yuan Balance Method

ACMAC members receive a 5% discount on this acupuncture training course (when all 4 days are booked together). The training will be held in London from Thursday 26th to Sunday 29th October 2017 and will be run by Delphine Armand and Eileen Han. It really is a wonderful treatment style for using in multibeds - quick, effective and easy to use. To find out more including how to book visit [HERE](#).
